TWO CENTS

GIRL OF NINE YEARS KILLED BY AUTOIST

Charles Hanna, 40, a Salesman, of Brownsville, Last Night, Said to Have Struck Unknown Child, Fracturing Her Skull

OCCURRED NEAR MONESSEN

Unfortunate in Highway; Hanna, Driving Fast, Evidently Lost Control of His Car—Machine Plunges Into Hillside And Is Wrecked

Last evening about 4:45 o'clock, Charles Hanna, age 40 years, a salesman, from Brownsville, driving a Ford truck over the Webster-Monessen road near Boyd's Hollow on the outskirts of Monessen, struck and instantly killed a nine-year-old girl. The child was walking along the road toward Monessen, and Hanna was driving in the same direction. Witnesses state he was driving his car at a rate of 40 miles an hour.

Hanna was on the right hand side of the highway, and suddenly turned his car to the left, evidently losing control of the machine. The little girl was walking a short distance ahead and did not see the approaching car. It struck her with terrific force, knocking her to the side of the road and fracturing her skull. She died instantly. Hanna immediately applied his brakes, but the police estimate that his car slid a distance of 52 feet before turning into the side of the hill, where it was wrecked.

The little girl was picked up by passersby and taken to the morgue of John Check in Monessen. She wore a blue middle suit, brown stockings, and black slippers. The body has not been identified.

The police are of the opinion that the child was a resident of near Webster, as train men said she had waived to them a number of times from the hill near the scene of the accident.

Hanna was lodged in the Monessen jail, and a charge of manslaughter will be preferred against him.

Mrs. J. D. Berryman Is The New President Of The Popular Athene Club

The year's program of the Athene club has been published and distributed among its members, and now everything is in readiness for the opening meeting which is to be held Friday, October 1, at the home of the new president, Mrs. John D. Berryman, of Lincoln avenue.

The program, as in former years, contains a definite outline of the work that lays before the members for the year, the subject of study being "The Americas."

Much foresight and study has been brought to bear on the booklet programs. The committee, who had charge of this work this year, is composed of Mrs. L. J. Mitchell, chairlady, Mrs. T. R. Egge, Mrs. T. M. Faddis and Mrs. Vivian P. Stewart.

The opening meeting, known as President's day, is one of five feature sessions of the year, at which time Mrs. Charles S. VanVoorhis, former president, surrenders the gavel to her successor, Mrs. J. D. Berryman.

UNKNOWN AUTOIST IN MAKING TURN DAMAGES MACINES

An unknown autoist, in endeavoring to make the sharp turn at Third street into Lincoln avenue, about 10:30 last night, ran into the Chevrolet coupe, owned by William Lauderback of Third street. Mr. Lauderback's machine was parked on the right side of the road, and the driver, unable to make the turn, which at this particular point, is very dangerous, crashed into the car, tearing off one of the front wheels completely off the car and badly damaging the fender. When the two cars collided the driver undoubtedly became greatly confused and turned his car to the left to avoid further accident to the Chevrolet, and ran headon into the Buick roadster of Dr. Eugene Billick of Monongahela, which was parked on the opposite side of the street, considerably damaging the fender and running board.

He did not stop to investigate the accident, but his license number was secured by Dr. Billick.

Recently the post-card was returned to the bank by the local postoffice with the information that the man could not be found. The card was sent from New York City.

WE'LL BE IN BOSTON TONIGHT; LIEUT. SMITH

BULLETIN

Cictou, Nova Scotia, September 5.—America's round-the-world aviators were winging their way toward the homeland this afternoon.

The flight from Cictou harbor to Boston got underway officially at 11:45 a. m., when the big Douglas air cruiser "Chicago," piloted by Lieutenant Smith, and the New Orleans, with Lieutenant Nelson at the stick, drove out to open sea and headed for home. The Boston, the second piloted by Lieutenant Wade, had considerable difficulty getting off the water because of the calm and finally tried out to entrance to the harbor taking the air when she reached the open stream opposite the Cictou lighthouse.

Boston, September 5.—Boston declared a virtual holiday today to welcome the American round-the-world flyers to homeland. Thousands of visitors began pouring into the city in the early morning and made their way towards the east Boston air-port, where the heroes are expected about mid-afternoon. Word is flashed into the city by radio from the ship station as the planes draw near home.

Pictou, N. S., Sept. 5.—Weather was favorable for resumption of the American around-the-world flight today and it was hoped the three airmen would be able to take off for Boston this morning.

At 7 a. m. the sun was shining brightly and there was little wind. All the aviators were up at 6 a. m. The mechanics went up immediately to the waterfront to prepare for the take off, expected about 10 o'clock. Lieut. Lowell Smith, commander, was in good spirits and said he expected the start would be made before noon unless there was an unexpected change in the weather.

At 7:45 the three pilots, Lieuts. Smith, Wade and Nelson, came to the wharf, and accompanied their mechanics in a motor launch out to where the buoys were moored with the planes.

A small crowd gathered on the wharf to watch the proceedings. At this time the sky was slightly overcast, but the glow of the sun showed through in the east and everything indicated a take-off by 10 o'clock.

"We'll be in Boston by tonight," Lieut. Smith told the United Press.

No Mercy For Wegley-25 Not Over 50 Years

Greensburg, Sept. 5.—William S. Wegley, former attorney and president of the school board, who pleaded guilty yesterday to charges of embezzling money to a total amount of \$1,000,000, was sentenced by Judge Dom today to serve not less than 25, or more than 50 years, in the Western penitentiary.

Wegley also was fined on 54 counts involving forgery and larceny. The fines total \$11,048. Before sentence was imposed Wegley's lawyers made a plea for mercy, claiming that 15 years ago he became involved in debt and in seeking to pay made unwise investments. Wegley failed principally in land mortgages.

In pronouncing sentence Judge Dom said that in view of the amount of money involved in Wegley's defalcations, he could not show mercy.

CHURCH MUST PAY THE WIDOW FOR HUSBAND'S DEATH

Harrisburg, Sept. 5.—The United Presbyterian church of Bellevue, Pa., lost an appeal taken to the workmen's compensation board today when the sexton's widow was awarded compensation for the death of her husband.

The award was made by Referee Christley to Mrs. Mary Heck, of Pittsburgh, and sustained by the board. George Heck, the husband, was killed while crossing the street to get materials for cleaning the church, according to the testimony of the widow and the pastor of the church.

Township School Property

Is Damaged By Some Unknown Vandals

The Nichol school building in North Charleroi township, near the mining town of Ontario, is again undergoing extensive repairs on account of damage done by persons with malicious intent.

Upon destroying all of the window lights in the building. About 150 panes of glass were broken, besides damage done to the siding, window casements and door frames.

Every year for several years the township is put to great expense to get the house fit for occupancy when school opens. Only last week mechanics were sent there to repair the windows.

Some time between Saturday afternoon and the convening of school Monday morning, the vandals visited the building again and broke a number of lights that had been replaced. As yet the authorities have no clue, but strong suspicion rests against certain characters of unenviable reputation.

The body has a membership of 150, and this is expected to be increased materially. The club is officered as follows: President, Albert Minicucci; vice president, Dominic Packrall; and Ralph Geho of California; two brothers, John Callaghan of the state of California, and Robert Callaghan of Alliance, Ohio; two half brothers, Eli Hammen of Lock No. 4, and Roy Hannan of Canton, Ohio; and two half sisters, Mrs. Elsie Frye of Racine, Ohio, and Mrs. Myrtle Livingston of Warren, Ohio.

An Americanization school is planned, primarily for the object of club membership. This is expected to increase their roster, and also is evidence of sincerity of purpose.

Members have gone on record as unqualifiedly favoring Italians becoming citizens of the United States, and the officers have been instructed to proceed with the labor incident to obtaining blanks for those Italians who have announced their intention of becoming residents or citizens of the United States.

Many of the members have resided in East Bethlehem township for a number of years, are property holders and taxpayers, and by their industry, economical habits, and their deportment have won the confidence and esteem of their fellowmen.

PASTOR GIVES FAREWELL TALK

Rev. B. R. Jones of Warren, O., who has been filling the pulpit of the Webster Presbyterian church during the summer months, preached his farewell sermon last Sunday.

Mr. Jones is superintendent of Township Schools of Lordstown, O., and must return at this time to resume his other duties there although loath to leave the new friends he has made in this district, yet his duty calls him back. The congregation regrets losing him as pastor and friend, as they have found him an earnest, devout and sincere Christian gentleman, and not since the days of Rev. H. O. MacDonald has this particular congregation listened to a finer series of sermons than have been delivered by Mr. Jones.

At the conclusion of the service he was presented with a Bible with his name, the name of the church and the year embossed in gold on the cover. The Sunday school room is large and the society will be able to take care of a big crowd.

As yet the authorities have no clue, but strong suspicion rests against certain characters of unenviable reputation.

Donora Athletics Play Here Tomorrow---Last of Season

Jupiter Pluvius and the grounds permitting, the Charleroi Independents will play their last game of the season here tomorrow with the Donora Athletics. The contest is scheduled for 3:30 o'clock.

The outlook this morning is that the pulling off of the game is dubious. However, old Sol may make his appearance and dry the grounds sufficiently for the contest. Manager D. Cleve Mathers said yesterday that he will pitch Latrham, with Costell catching; the batteries for the Donora team will probably be Wheeler and Greene.

The Athletics beat the struggling club 8-0, which aggregation so overwhelmingly defeated the West Newton club, 25-1, this year, and are a strictly first class semi-professional aggregation, and if the game is played, it should be a hard-fought one and a fitting climax to the 1921 season.

Third Place for Bucs in Losing Game to St. Louis

Booting away a glorious opportunity to thrust their noses in front of the National League's pennant caravan, the Buccaneers yesterday went into a tail spin and surrendered to the ruffled Cardinals, 9 to 5, thereby causing heart-aches among the 5,000 fans who witnessed the sorrowful spectacle at Forbes Field.

In an effort to make the Pittsburgh killing more painless, the New York Giants permitted themselves to be trampled beneath the Phillies in a 10-round argument at Quakerstown. This lucky break leaves the Pirates still but one full game below the leaders, but something else broke loose in Boston, to make the situation ticklish to say the least.

The Brooklyn Dodgers who have been openly boasting that they were headed straight for the flag and were about to flit merrily past both the Corsairs and Giants, mopped up the Braves in both heats of a bargain at the Hub, thus clambering into the runner-up position and leaving Bill McKechnie's boys parked this morning at the third notch in the procession.

GREEKS ENTHUSIASTIC

Athens, Greece, September 5.—The establishment of a \$5,000,000 American university in Greece is predicted by the Athens press as a result of the visit here of Dr. Robert Andrews Millikan, head of the California Institute of Technology. He was sent here by the Hall Foundation to study the advisability of starting in Athens an educational institution similar to Roberts College in Constantinople. The new college is expected to supplement the educational work of preparatory grade which is now being done for refugee children by the Near East Relief. The project has the enthusiastic approval and support of the government and people here.

THIRD MATCH IN DAVIS CUP FINALS AT BOSTON TODAY

Boston, Sept. 5.—With the score squared at one-all after the opening matches, the Australian and French teams will meet in the third match of the Davis cup finals here this afternoon.

Rene Lacoste, who won a surprising victory over Gerald Patterson yesterday, and Jean Borotra will meet Patterson and Pat O'Hara Wood in the only doubles match of the round.

Unless Patterson plays better than he did yesterday, against Lacoste, many of the critics believe the French team will win this afternoon and the match may be the deciding one of the series.

Lacoste won his match from Patterson in straight sets at 6-3, 6-2 and 10-8, and Borotra was winning from Wood when the Australian rallied and pulled out the match at 1-6, 6-4, 1-6, 6-4, and 6-2.

SLEUTHS DO NOT REGARD THREATS AS SERIOUS

Suspect, L. I., Sept. 5.—United States secret service men and dignified, wax-moustached representatives of Scotland Yard who are guarding the Prince of Wales on his American visit professed today to attach no importance whatever to a threat against the Prince's life which fell into the hands of the New York police.

"Just some harmless crank," was the way one of the silent, cool-eyed shadows that stroll with apparent unconcern about the Burden estate when his royal highness is at home described the author of a rambling note which contained the threat.

The note which was addressed to Acting British Consul Hon. A. Brown, and incidentally does not exist, covered four sheets of cheap paper and contained but one legible phrase: "I want to kill him." It referred to the Prince.

CHARLEROI TURN VEREIN PHYSICAL EDUCATION AT

(Continued from First Page)

a result, Physical Education has become a distinctive department in every educational system all over this country. In our own state of Pennsylvania, from our High Schools down to the remotest little school in the mountains, Physical education is a part of the daily program. But it should not be forgotten that the Turn Verein schools were among the forerunners in bringing about these desired conditions. In the old days before Physical Education was taken seriously, it was not uncommon to see long processions of school children marching directly from their respective school buildings to the Turn Halls, where they regularly received their bodily training.

Turn Verein Training Not Militaristic.

Some people, as a result of the ugly war days, are inclined to associate with Turn Verein teaching that of military training—that it has in it something of the old German Iron Fist. This is a great mistake. Physical Education is not military training. Military training is a training for war, and war always means death. But Physical Education is not a training for war, but for LIFE.

People want to live and live more abundantly. The aim of physical education is that of developing a cheerful temperament, a perfectly sound physique, a clear and lively intellect that can see things as they are, a gentle will and above all a good conscience. These are some of the aims for which the Turn Verein schools stand today.

Classes Open to All Children or Adults.

It should be understood that the training given in the Turn Verein is not only for members belonging to the organization or for German people. All children regardless of nationality are welcome to join these classes. Special evening classes have been arranged for young ladies and young men. Also afternoon classes for school girls and boys. For full particulars address Prof. Oechle, Director of Physical Education, Charleroi Turn Verein. Class organization will begin Friday, September 5th.

Monessen Meat Dealer Gets A Salty Sentence

That the juggling of assets to either defraud and obtain credit is a penitentiary offense has been proved beyond the least doubt in the case of Irving N. Neiman, a meat dealer of Monessen. Neiman was charged with false pretense, fraud, and the issuing of a false statement. He is a meat dealer residing at 18 McKee avenue and was called for trial before Judge William T. Dom in Greensburg. The information was made by H. J. Sigler, credit manager for Armour & Co., who stated that on April 9, Neiman purchased \$400 worth of meat, giving a check on which he later stopped payment. He also claims that on March 31, Neiman issued a false statement to the effect that he was a credit.

Neiman was convicted after a hard fought trial of making a false financial statement and was sentenced to pay a fine of \$1, the costs of prosecution and to serve five months in the Allegheny county workhouse. For fraudulently disposing of his assets he was sentenced to pay a fine of \$5,000, the costs of prosecution and to serve five months in the Allegheny county workhouse. Both penal sentences are to run concurrently.

The defendant was represented at the trial by Attorneys William Kohanawitz, H. Weiner and Daniel Reamer, while Armour & Co. was represented by Vincent R. Smith and Clifford M. Smith. The plaintiff, Armour & Co., charged that the defendant had given false statements of his assets for the purpose of obtaining credit and that he had disposed of \$15,000 worth of assets for the purpose of defrauding creditors and that after giving the financial statement that he purchased most of his goods from Armour & Co., Morris & Co., Wilson & Co., and Swift & Co., and that on the same days of purchase he sold the goods in truck loads under the market prices.

The case was watched with keen interest and the penalty imposed upon Neiman is the heaviest ever imposed in Westmoreland county for a similar offense. Judge Dom undoubtedly had in mind the idea that a severe penalty in this case would be the means of establishing the law firmly in the minds of those who go into bankruptcy for the sole purpose of evading obligations and that creditors under the law have rights to the assets when business is to be closed out.

I Never Burn

My skin
By Edna Wallace Hopper

I live in the sun and the wind in summer, but I never burn my skin that is because the greatest of experts told me how to prevent it.

Edna Wallace Hopper

The sun is good for the skin—get all you can of it. Only certain rays—the ultra violet rays—do harm. Bar them out and the sun will never burn.

Tan bars those rays, so tanned skins do not burn. But science has found a way to do that without changing the skin's color. It has found a substance, harmless and colorless, which bars out only those burning rays.

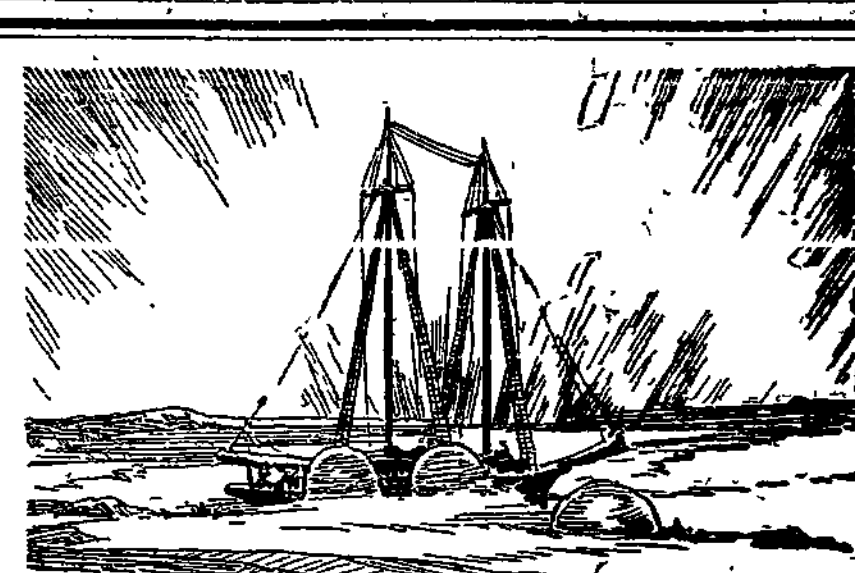

By my experts' advice I had that substance embodied in my vanishing type of Youth Cream. I apply it before any exposure. After bathing I apply it again, for water removes it. I have never had sunburn, windburn, tan or freckles since my experts taught me this.

Now I am placing all my helps at every woman's call, and this one is among them. Edna Wallace Hopper's Youth Cream is supplied by all druggists, all toilet counters. The Vanishing Type contains the substance which prevents sunburn. The cost is 60¢ per jar, and every jar carries my guarantee that it does what my experts claim. Also in 35¢ tubes. I promise it will delight you.

I shall gladly mail you a trial tube if you will send this coupon. Do that and see what it does.

BUNOLA MAN HURT WHEN MACHINES COLLIDE

An accident similar in every respect to that on the Monongahela-Donora highway some days ago, when a motorcycle driver was killed, occurred on the Hanging Boulevard, near Monongahela, Wednesday morning, when Dick Matts, colored, of Bunola, who was driving a motorcycle down the road toward Elizabeth, permitted the side-car wheels to leave the improved road.

In an effort to get the machine back on the road, the car swerved sharply to the left, crashed into a passing automobile and hurled Matts against the side of the car. He suffered cuts and bruises about the head and shoulders. J. V. Donaldson, 131 West Hemlock avenue, Elizabeth, driver of the machine which the motorcycle struck, stopped and gave first aid to Matts, who later was able to drive the motorcycle home.

Matts was traveling at a rate of speed estimated at 20 miles an hour when the crash occurred, which low speed was fortunate, in that he thus escaped serious injury. The car of Donaldson was damaged by the crash, but the motorcycle was still in running condition after the accident.

Matts is employed as a barber in Monongahela.

REPAIR WORK IS WELL UNDER WAY

Does Your Back Ache?

Bad Backs Bring Suffering to Many Charleroi Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it is just unbearable? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Charleroi folks.

A. W. Penning, 718 1/2 Crest Ave., Charleroi, says: "My kidneys became weak and sharp pains took me in the small of my back and I felt badly all over. When I stooped, the pains dug in deeper and I could hardly straighten again. My work obliged me to be on my feet all day and at night my back was lame and sore. My kidneys didn't act often enough. After using Doan's Pills, I was completely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Penning had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Since Maine "went hell-bent for Governor Kent" in the long run the issue of the Pine Tree State's September election has never more doubtful than it appears to be now.

The reports indicate a real possibility of the election of "Ma" Ferguson as Governor of Texas and the only woman Governor of the United States. The moving picture "Ma Ferguson" is said to be giving the vast opposition a vast deal of trouble.

Louis A. Coolidge, candidate, for the Republican nomination for Senator from Massachusetts, is not only a "wet" but seems disposed to make prohibition an issue. WIFE GIVEN \$12 TO SUPPORT SELF AND HER THREE CHILDREN

Philadelphia, Sept. 3.—Can a husband and wife live under the same roof for three years and not speak to each other?

That was the case of Charles Staffieri, an expert silk weaver, and his wife Jennie, it was revealed in the Domestic Relations branch of the Municipal court here.

The couple have been married ten years, have three children and for the past three years have not been on speaking terms, the wife claiming it was "money matters" and the husband "in laws" responsible for the strange relation.

The case was aired in court here, and there were verbal fireworks. The wife did a lot of talking and so did the husband but not to each other. Judge Brown was the go-between.

"My husband has been making big money since we were married but about three years ago, maybe five years ago, he cut my allowance to \$12 a week," Mrs. Staffieri told the

"How could a person expect to clothe herself and three children and live on that amount of money. Judge my husband threatened to kill me many times and once placed a butcher knife against my side and said 'it's what you deserve.'"

"I don't know," Judge Brown said. "Your honor it is not money matters but in-laws. My wife's father died some time ago and left her a house. Ever since then she has been discontented and wants to go back home. And Judge, you know—"

"That's a lie, judge, that's a lie," the wife now weeping declared. Assistant District Attorney Sachs tried in vain to pacify the couple. He tried to make them agree to stop arguing and live together happily. They shook their heads negatively.

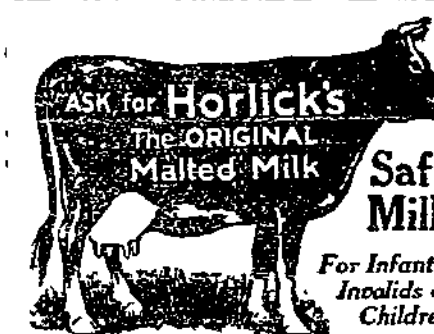

"If husband and wife are to live together under the same roof and not speak to each other—they are not going to do it with my approval. Someone has got to get out and it is going to be the husband," Judge Brown ruled. The court also ruled that the husband must pay his wife \$16 a week for support of herself and three children.

Life's Bitterest Lesson

Being a simple country girl, Myra was flattered by the attentions of rich young Mr. Leland—especially so since all the other girls had set their caps for him. In her innocence and ignorance, she did not dream that his gallantry was insincere—she did not foresee the startling train of events to which her admiration for this man was to lead.

BROTHER'S VALOR WILL BE TOLD

A recommendation that the deaths of Tony and Joseph Sisul, of Canton township, who lost their lives by electrocution in attempting to reach Frank Buchanan, who also had been electrocuted, be brought to the attention of the Carnegie Hero commission, was made by the jury at the inquest held Wednesday by Coroner William Greenlee in the death of these three men, which occurred during the violent storm on the night of August 22.

The evidence showed that the high tension wire of the West Penn Power company, which caused the trouble, had been knocked down by a bolt of lightning. About 10:40 o'clock that night, Mrs. Gorby, who lives within sight of the scene of the tragedy, heard a terrific crash of thunder. When she looked from her window she saw flashes from an electric wire. The wire was evidently knocked down, and as Frank Buchanan was making his way home from work at the Hazel No. 2 glass plant shortly after 11 o'clock, he was electrocuted, probably by the current in water which covered the ground from the heavy rain which was falling.

As John Medovich, another employee at the Hazel No. 2, was on his way home from work a few minutes later, he found Buchanan, but was not able to reach him on account of the wire. He went immediately for help, and the Sisul brothers, together with Joseph Lawaski and his wife responded.

All five went to the spot where Buchanan was lying on the ground, the Sisul brothers in the lead. As they approached the body they were all knocked down by the current although none of them touched the wire. Despite this warning it was shown that the Sisul brothers still attempted to reach Buchanan, believing that he might still be alive, and in so doing lost their own lives from the deadly current, which seemed to have charged the wet ground.

John Medovich and Joseph Lawaski managed to reach Tony Sisul, and dragged him for about eight feet, although they were in danger of being electrocuted themselves. They were finally compelled to abandon him, as he was evidently dead, and the deadly electrical current seemed to be everywhere.

No blame was attached by the jury to anyone. It was an accident for which no one was responsible. The evidence showed not only that the Sisul brothers displayed real heroism in attempting to rescue Buchanan, but that Medovich and Lawaski attempted to rescue Tony at the risk of their own lives. One of the Sisul brothers leaves a wife and eight children, and the other a wife and five children, all of whom are small.

Paying for the Home.

"Up to two years ago my money went to doctors and medicine for my stomach trouble. I was constantly tired with gas and no medicine helped me permanently until I tried a bottle of Mayr's Wonderful Remedy at that time with excellent results. Now I am using my money in paying for a home." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

DONORA FOLK GREET STEAMER

Donora citizens yesterday afternoon extended the glad hand of welcome to the new American Steel & Wire Company's all steel steamer, which has been christened "Donora."

This steamer has attracted widespread attention among rivermen and others as it made its way to Pittsburgh and down the Monongahela valley. It is the only oil-burner steamer plying on the Monongahela, and is the very latest in river craft of this nature.

Citizens of Donora, to show their appreciation that the new boat has been named in honor of their borough, will present the crew with a silver tea service, the value of which is \$800. The money for the gift was secured by popular subscription.

CONNELLSVILLE TO HAVE PARADE ON DEFENSE DAY

Connellsville will celebrate National Defense day with a parade and patriotic exercises at Fayette Field on the afternoon of September 12.

This was decided at a meeting of the citizens' committee, with Captain Harry Dunn as chairman, which met in the Armory Wednesday night to discuss details.

Announcement was made that all ex-service men who have not yet attained the age of 64 may enlist in either the Howitzer Company or the Hospital Corps for the 24 hour period beginning the morning of September 12, providing they report to the commanding officers of the two companies in the morning of Defense day.

All colored ex-service men desiring to participate will be formed into a separate unit, commanded by officers of their own color, if they so desire.

Among the organizations which will be invited to participate in the parade are the Grand Army of the Republic, Daughters of the American Revolution, American Legion, Philippine Veterans, Veterans of Foreign Wars, local boys who have just returned from the civilian training camps, Boy Scouts of America, city officials, members of the Trades and Labor Council, all patriotic and semi-patriotic organizations, Italian and other foreign organizations.

DONORA HI HAS 469 ENROLLMENT

Donora High has an enrollment of 469—the largest that the school has had to date. There are 67 seniors, 83 juniors, 153 sophomores, and 166 freshmen.

The most noticeable change is in that the classes will be held during the noon hour. Teachers and pupils will begin work at 8:30 o'clock and will be dismissed at 3:05 or one hour earlier. A period from 11:10 to 11:50 will be devoted to chapel and to all extra-curricular activities such as clubs, plays, orchestra. This will go away with the after school sessions and will get the pupils there all at the same period.

Some minor changes have been made at the First and Fifth street buildings for the year. The Fifth street building has received a thorough coat of paint inside and presents a very attractive appearance just now. At the First street school, two rooms have been added by a change in the study hall. The study hall has been partitioned off into four rooms, all of which are well lighted and will serve as classrooms very well. At the Allen and Catter buildings a portable school, each of two rooms, has been erected. These rooms will be merely for the conducting of classes and the school officials will avoid, if possible, their use as home rooms for any students.

The Fifth street school building has an all-Donora teaching force, as all of its 12 teachers are from Donora, the majority Donora High graduates of recent years. Of the present force 73 give their place of residence as Donora; eight from Monongahela; six from West Newton; four from Belle Vernon; two from Roscoe, and one each from Morgantown, Elizabeth, Hazard, Webster, Coal Center, Fayette City and Allentown.
